**MAKING HORROR FILMS IN**

# Rhode Island

**Presented by the RWU Film Production Club**

From script to screen, Rhode Island has become the Independent state for film. Starting with the foundation provided by the film and media programs at our colleges and universities, and the unique talent base of creative artists who have made their homes here, the Ocean State has built a reputation as a one-stop film studio.

"*Behind the Camera Lens*," will showcase **Steven Feinberg**, Executive Director of the Rhode Island Film & Television Office, the man behind the state's high profile within the industry, and filmmaking professionals who have successfully made careers within the industry including: **Patricia Chica**, an internationally renowned independent filmmaker from Montreal; plus **Anthony Ambrosino** and **Nick Delmenico** whose low-budget horror film, "*ALMOST HUMAN*" just screened at the **Toronto Film Festival** and was picked up by **IFC Midnight**.
